Celebrate with Style Offers Fun “Togetherness” Father’s Day Gift Ideas

(Garden City, NY)— With Father’s Day only a few days away, the pressure is on to get Dad the perfect gift. Celebrate with Style® offers clever alternatives to the traditional Father’s Day gifts of ties, golf balls, and “World’s Best Dad” mugs.

The gifts suggested on www.celebratestyle.com focus on togetherness experiences for Dad and the kids. They’re designed not only to give Dad wonderful experiences on Father’s Day or throughout the summer (or year), but also to create memories that he and his children will share for a lifetime. (Extra plus: They also can let Mom enjoy a bit of time for herself!)

Among the clever gifts that can make this a wonderful Father’s Day:

- For Dads of tiny tots: a jogging stroller that converts into a bike trailer to let two little ones fly along with Dad as he runs or bikes.
- Hiking or camping equipment plus matching outfits for them to wear on Father’s Day or during their special outings.
- Sports and a variety of other entertainment packages that Dad and the kids can enjoy together.
- Adventure experiences such as white water rafting, for fathers of older kids.

All of the gifts center on fun and on the types of shared experiences that Dad and the kids will treasure always.

Read about these and all of the great togetherness gifts at www.celebratewithstyle.com
