**Celebrate with Style Offers Tips on Hair Glamour from Celebrity Hairstylist Cristophe**

(Garden City, NY)—Every woman knows that looking fabulous when dressed up for a wedding or other gala involves not only wearing a great dress and accessories, but also, the right hairstyle. In an interview for [www.celebratewithstyle.com](http://www.celebratewithstyle.com), world-renowned hairstylist Cristophe reveals the latest special-occasion hairstyle trends, plus hairdo glamour tips.

For Spring and Summer, special-occasion hairstyles are all about simplicity, says famous celebrity hairstylist, Cristophe. Looking fabulous during the warm weather requires “not looking too coifed. Don’t look like you tried too hard,” he counsels.

Some of his other advice:

—The most popular look for dressy hair, this Spring and Summer: “The simple and elegant straight, sleek look that we saw so often on the red carpet, recently.”

—Trendiest up-do’s: Hair loosely pulled back in a chignon or low ponytail, with layers casually falling next to the face.

—Other fashionable hairstyle trends: Bangs, he says, as well as hair accessories “that accentuate the hair, not overpower it.”

—What’s out, this season: Curly tendrils around the face. “Definitely out,” he asserts.

Cristophe, whose flagship salon is in Beverly Hills, is sought after by many of today’s A-list celebrities. His clients include Nicole Kidman, Brad Pitt, Bruce Springsteen, Pamela Anderson, and the Clintons.
